

ABOVE: an old plastic carrier bag was cut and stapled to the planters to act as a liner

Old wooden star mobile lightly sanded and painted with 2 coats of Royal Exterior in Midnight Blue, now twinkling brightly in the tree.

BELOW: seedlings happily over-wintering for planting out in spring

BELOW: mini greenhouse painted in Royal Exterior Warm Clay

Even in the depths of winter you can add colour and life to your garden with a small splash of Protek woodstain. All of these makeovers were carried out just using a sample pot of the coloured wood stain and took less than 30 minutes in total to complete each one. Sample pots can be ordered at a cost of £4.00 for Royal Exterior and just £2.00 each for all other Protek wood stain ranges.
